

City & Guilds Diploma Level 3

City & Guilds Diploma Level 3 in Light Vehicle Maintenance and Repair Principles (4290-13)

City & Guilds

LEVEL 3 DIPLOMA IN

Light Vehicle Maintenance and Repair Principles (4290-13)

Description Course Outline Minimum Entry Requirement Further Education Pathway

This level will suit you if you have a great deal of technical skills and knowledge and looking to gain more responsibility by supervising others, running your own business or moving to a diagnostic technician level. You work with minimum supervision and have a good record of safety, fault correction and ensuring work meets the required standard.

Most of the time this qualification are taught by doing rather than writing lots of notes. This automotive qualification is for anyone interested in starting or developing a career in the motor industry and to help you move into a role where you supervise a team of people. You don't need any previous experience or a current work placement.
