

Free Short Course for Despark Students & Alumni

All Despark students are welcome to participate in this short course with free of charge.

Seats are limited kindly register your name with students counselor.

Join us on our OPEN DAY!

Discover what DESPARK can offer you!

We hold a number of open days to give you the chance to enjoy our 1 to 1 interview counselling session, and experience campus tour in any Despark's campus.

At Despark, we believe in an education that will empower you for life. Going beyond paper qualification, our internationally recognised education will enrich you with the right skills and attributes to excel at whatever you do and wherever you go.

Collaborating with internationally recognised partner universities and multinational and global industry partners means that beyond academic programmes, DESPARK provides access to market trends, practical experiences, hybrid teaching methods, international curriculum and online tools which prepare students to meet the needs of the 21st century workplace.

Let's get started! Discover Despark's range of programmes and find ones that suit your interest. View our facilities and chat to our education consultants on your course interest, financial aid and scholarship. By contacting us on **012-3641882** or send your enquiry to reserve a seat during open days.

You may find Despark in **Petaling Jaya, Melaka, Penang and Sabah**. HURRY UP! We look forward to meet you at Despark College.

Student Referral Program

Did you know that over 30% of our students hear about Despark College through a referral? That says a lot about Despark's reputation as a credible, responsible and caring institution.

Students and graduates play a tremendous role in introducing talented students to Despark College as they represent real-life examples of the impact Despark College has made on their lives. By sharing their story with others, they provide inspiration, guidance and motivation to those who may be just beginning or who may have gotten stuck along their journey to becoming automotive specialists.

We encourage all students, current and past, to share your pride in being part of the Despark College family by participating in our Students Referral Program.

If you have a friend, relative, or even schoolmates, who could benefit from one of Despark's programs, simply provide us with basic contact information by completing a simple [referral form](#) and hand in the form to one of our education consultant.

Admission team will follow up with the student directly and help guide them through the application process. If that student enrolls in one of our programs, you could earn up to RM300!

We thank you for helping us to attract the brightest and most talented students to our school.

Download our [Student Referral Form](#) here.
