

# Visitation to Old Folks Home

27th January 2014 - Despark College's students pay a visit to old folks home. We always encourage students to do more charity and contribute in social works. Students benefit a lot from participate in social activities such as make new friends of life, utilise your skills, tolerate to old folks...

As CNY is around the corner, we help to clean up its premise. Also, the students spent some time chatting with them and cheer up with the elderly people.

Today, students learned how to cook Tang Yuan for old folks, house cleaning and home decoration for CNY. Hopefully will make the seniors more happy. The fulfilling day taught students the precious love and a sweet memory for them.
